*Untagged*

One day **Ana** (1.Anaea) headed out on a voyage to meet new friends. Outside of the wine **bar**,  
**a bus**  
(2.Barabus) stopped. No way, she thought. She considered a  
**galleon**  
, (3. Ghalleon) but the  
**crews were wrong**  
, (4.Kuzerong) and controlled by a  
**cartel**  
. (5. Qartel) Then her Irish friend said, “  
**Lass, a car**  
!” (6.Lasicar) So off she went.

Upon arriving in Jamaica, she met a troll, who worked with his father and offered to feed her  
from his **tray**. (7.Trey)

“**Deez** (8 Deeze) chickens, eat **de necks**, (9 Tnec) and dey are dry, **notwet, man**,  
(10.Notwhettham) and de Red Stripe  
**brew**  
(11.Breue) is de finest. And  
**Papa! Pasta**

(12.Papapasta) for de lady!”

How much?” asked Ana.

“Free, a blow (13.Riablo) on de cookin’ fire would be much appreciated. **De mom** (14.Demom) and me, we have tree children, de first,de second and

**our turd eat o**

nly (15.Arturio) once a day. Two of dem are artistes, justgraduated from

**Draw Like Us**

. (16.Dralektus) We be done havin’ dem babies.

**Gee, va**

sectomies (17.Guiva) are no fun.(18.

**Scrot)**

(Scrot)joke deleted here.) But please, eat!”

So Ana ate and then, all her hair fellout!

“**Whoa, grim**, (19.Wogrim) man, **choo bald!** (20.Choebald) **Ok, tee** (21.Kaite) only ting do you do isget more help. **Can’t**

**you**

(22. Ganjuu) go see Maximillian? He feed you de

**wild crickets**

.” (23.Wildcricket)

Ana **scooped** (24.Scoop) up all her belongings along with **Liz**, (25.Lizaria, first occurrence)the youngest child, and went to **sno**

**op**

(26.Snoop) around and went

**to**

**Max**

. (27.Tomax)

**Inches**

(28.Inches) away, Ana found Max

**indisguise**

(29.Indiskeyes) with his friend

**Franz, in a**

(30.Franzina) dress, blue and

**pink. Death**

(31.Pinkdeath) awaited the crickets.

“Can you please help me? I need my hairback!” Poor Ana.

Franz sniffed the night **air**. “**You must** (32.Aerumas first occ.)use your **snoz, berries**

(33.Snozberries) you will find.(note: Franz and Yoda are first

**kazhens**

.) (34.Kazahns) And the crickets love to eat berries. Wh

**ere you must**

(Aerumas, second) kill the crickets and bring them to me. Oh,this sunscreen you will take for protection from the rays of U

**V, you does**

n’t (35.Viudas) want a sunburn.”

“How will I kill a cricket?” askedAna.

Franz replied, “**Say, guns** (36.Sagun) might work.”

So Ana headed out, and without a single misdirect, fired a shot, gathered her prey and headed back. Franz and Max were NOT happy.

“Shot **a loon, ya** (37.Elunya) idiot. In the leg,too. **Boom! Knee**(38.Oomni) blow out. Now he has a **twisted claw**.

(39.Twistedclaw) I

**f he**

**o**

nly (40.Fio) could followdirections! This is NOT a dps race. Now bring me a cricket.”

Max agreed, “I con**cur**. **Keep** (41.Kirke) looking. Meanwhile,your friend can stay. Sing **Liz, aria, Lena**

(Lizaria & 42.Arialena) Horne style please. And put on a **bra**

,  
**t**

his (43.Bracht) this is no nightclub.”

When Ana returned with the crickets, she found Max and Franz **stoned, bones** (44.Stonebones) lying all around. Liz was nowhere in sight. This is crazy, she thought. I'll just go home and play WOW with my friend,

**Xanathia**

.(45.Xanathia) And so she did.

**Heroic mode:** (Just for fun and in the event of a tie-which would be two entries arriving at the exact same time.)

Meanwhile, back in Duskwood, **Ana** (1.Anaea) headed for Karazhan. **A theory** (2.Xanathia) she had was that she should try a new

**tack or he**

, (3.Taccori) meaning

**Kaite,**

(4.Kaite) might die bald and she would never grow up to get that

**astrono**

my (5.Ana's alt, Astronoe, who will never grow up!) degree.

Just then, in Tulkus (6.Tulkus) **s ran, tipped the** (7. Serendipity, a stretch) mage table over and asked, “Who **se new** here? (8. Snu) How about you, big bear?”

“**Nay,**” **Eli** (9. Nayeli and 10.Eli) **leered.** “**And** (11. Lyren) what are you looking at?”

“**A door. Eels, a layer of** (12. Adorialea) candy, all kinds. I do not **see a mint,**” (13. Sivament) answered Tulkus. (btw, it was Friday night.) I'll pull RIGHT NOW. Shamen, use your

**rocks**

**el**

ementals (14.Roxel) and no one will have to see the

**mort**

ician.”(15. Mortanio) Sadly, he had not performed a ready check, and they all discovered, once again, that they were

**perishable**

.(16. Perishable, a dmom alt.)

THE END

As told by **Arturio**, (17.Arturio) the **lousy pally**, (18. Laotsepally, another dmom alt) to Nightbane and the **dragon's mom**.(19.Dragonm
